

Roxby Hydraulics Pty. Ltd.
ABN 44 153 846 578

Environmental Policy

Roxby Hydraulics specialises in the assembly, distribution and service of a comprehensive range of high-pressure hydraulic hoses and fittings, fluid power, pneumatics, lubrication and associated products. These products service a wide range of industrial applications.

Roxby Hydraulics is committed to compliance with applicable environmental legislation, regulations and any other requirements to which the Roxby Hydraulics subscribes.

Roxby Hydraulics operates a programme of continual improvement in environmental performance and pollution prevention, aiming to minimise the environmental impacts resulting from relevant activities.

Improvements in our environmental performance will be achieved by:

- Minimising, re-using and recycling solid waste
- Ensuring recycling, safe disposal, and reclaim of waste oil
- Controlling and reducing where practical environmental noise
- Reducing atmospheric emissions
- Minimising the consumption of energy
- Considering favourably, suppliers and sub-contractors who pursue good environmental management practices
- Helping conserve resources by the design and production of products to reduce the use of raw materials, packaging and energy in manufacture, use, and disposal
- Maintaining an environmental management system which complies with AS/NZS ISO 14001 and enables environmental objectives and targets to be established and implemented
- Promoting throughout the company a strong environmental ethic as part of its culture
- Communicating openly and constructively with applicable government authorities, the community, and other interest parties

Chris O'Hara, Director - Operations
